

Sustainability Drive

ABTS respects the environment around us and are committed to protect the nature from the negative impacts of our activities on the global environment. Our Sustainability drive has become our core value and is based on firm belief

“ Safe for earth is sound for Earthlings”

We strive to include the “sustainability drive” in all the services we provide to all our customers and in all the services we consume. We strive to inculcate the “sustainability drive” in to all our Associates and Vendors to understand, appreciate, respect and implement the same in all our products and services we provide.
